Overview

Macroeconomic Environment

Over the last year, the government has launched a series of initiatives to revive the Indian economy, including building infrastructure in roads and railways, improving the ease of business, creating a more investor-friendly FDI policy regime, introducing banking reforms and targeting inflation.

Consequently, our macroeconomic indicators have started to look better, with GDP growth increasing to 7.6 per cent in fiscal year 2016, from 7.2 per cent in fiscal year 2015. Inflation is largely under control. The Consumer Price Index is expected to fall within the range of 5-6 per cent and Wholesale Price Index, virtually nil. Our Current Account Deficit is also under control. The implementation of transformative structural reforms such as the Goods and Services Tax, however, is imperative to fast track economic growth and boost consumer confidence.

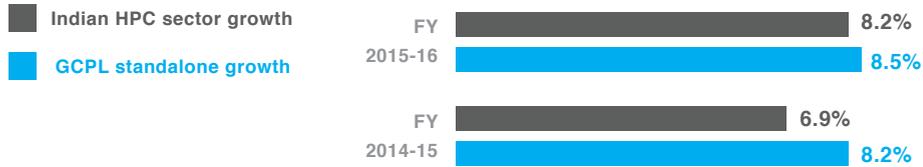

FMCG Sector

We are seeing signs of a recovery in consumer demand in the FMCG industry. While the progress has been subdued, we expect demand to pick up pace in fiscal year 2017. Pro-growth initiatives by the government, such as the passing of the Goods and Services Tax Bill, will be greatly beneficial for this. The fundamentals of the industry remain strong and there is still significant growth potential, given the low penetration and consumption rates for many FMCG categories.

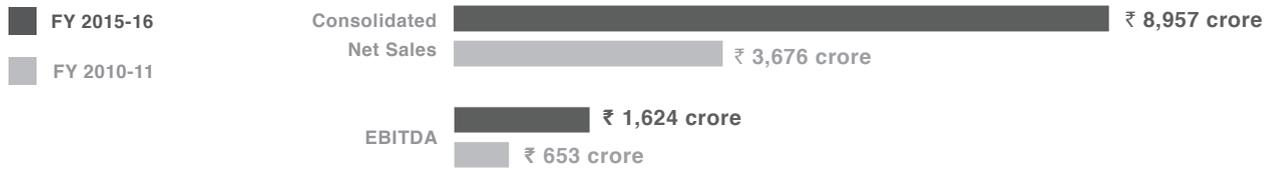

Our business has delivered strong and profitable growth, despite the challenges in the environment. Overall, we continue to outperform both the FMCG industry and the home and personal care categories that we participate in. We are driving a relentless focus on our strategy, and investing strategically in creating new

growth vectors for the future, while continuing to drive our core to full potential, enhancing our go-to-market infrastructure and driving execution excellence.

GCPL outperforms the Home and Personal Care sector in India

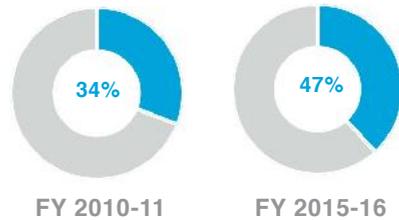

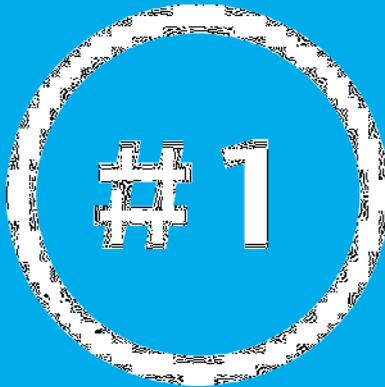

GCPL delivers a strong performance over the last 5 years

GCPL is becoming more international

International sales as a percentage of consolidated sales

**Extending leadership in

Personal Care

Second largest toilet soaps company in India

CINTHOL

- Built on the high-energy proposition of 'alive is awesome', it inspires you to step out of the stale and embrace the fresh, the new
- With premium international fragrances and innovative designs, it is undoubtedly one of the most refreshing grooming experiences across soaps, deodorants, talcs and shower gels
- Introduces a range of female deodorants
- Launches Cinthol Deostick – 3x longer lasting than ordinary deodorant sprays and gentle on skin
- Online campaign #AlivelsOffline, wins at the *Effies 2015* for 'Best Digital Campaign'
- Ranks #17 in Personal Care in the *Economic Times – Brand Equity Most Trusted Brands Survey 2015*

Personal Care

Second largest toilet soaps company in India

- Leading Grade 1 quality soap in India (simply put: more soap in each soap)
- Offers you 'Nature's way to beauty' with carefully chosen ingredients to make your skin naturally beautiful
- Extends into value-added soaps – launches Godrej No.1 Glycerin & Honey soap
- Ranks #13 in Personal Care in the *Economic Times* – *Brand Equity Most Trusted Brands Survey 2015*

Our new health and wellness platform

- Delightful, differentiated and efficacious range of products across the health, wellness and personal protection platforms
- Naturally derived ingredients and unique design-led and recyclable packaging
- Range comprises three hand washes, a hand sanitiser and a personal mosquito repellent spray – including India’s first instant foam hand wash and alcohol-free sanitiser with 8-hour germ protection

Hair Care

Leader in hair colour in India

- India's largest selling hair colour, used by over 40 million consumers
- Innovative solutions include crème hair colour in a sachet and powder hair colour with a unique gel technology, at unbelievably democratised prices
- Launches a multi-application pack of Godrej Expert Rich Crème, a value offering for frequent users
- Hosts successful integrated marketing campaigns, extensive engagement with salons, barber training, innovative approaches to media and communication
- Ranks #15 in Personal Care in the *Economic Times – Brand Equity Most Trusted Brands Survey 2015*

BBLUNT

Salons+Products+Expertise

- India's hottest salon, now in a bottle
- Premier Indian salon brand, redefining the face of Indian hairstyling and beauty
- Presence across shampoos, conditioners, men and women's styling, hair extensions and temporary hair colours
- 'Digital first' philosophy - wins *Nykaa Femina Beauty Awards* for customer reviews, engagement and a growing e-commerce business
- Wins *Silver Abby* at Goa Adfest 2016 for outstanding PR work; 5 beauty awards for product quality and packaging innovations

Home Care

Leader in household insecticides in India

- Built on the promise of 'protecting happy moments', aims to delight consumers through a deep understanding of their needs
- Good knight is the highest penetrated brand in the category in India, reaching 74 million households
- Good knight Fast Card, India's first paper-based mosquito repellent, continues to scale up
- Good knight liquid vapouriser crosses ₹ 1,000 crore
- Good knight Neem Activ+™ Low Smoke Coil is a runaway success in both urban and rural markets, within the first year of launch
- 'Subah bolo Good knight', an awareness building and habit changing campaign, wins at *Abbys 2016*
- Ranks #2 in Household Care in the *Economic Times – Brand Equity Most Trusted Brands Survey 2015*

- Leading player in the aerosols market, focuses on killing pests and offering great efficacy
- Innovating ways to make our products easy to use, safe and affordable to help every homemaker win the battle against pests
- Insightful new campaigns drive awareness and category growth
- HIT Track The Bite app, which helps users stay informed about dengue and malaria-prone areas in real-time, wins at APAC Effies 2016
- Ranks #7 in Household Care in the *Economic Times – Brand Equity Most Trusted Brands Survey 2015*

Home Care

Number 2 player in
air care in India

- Delightful range of home, car and bathroom air fresheners
- Introduces aer pocket, a foray into the bathroom air freshener space
- Launches a delightful new fragrance, Rich Irish Cocktail, in aer twist and click gel formats
- Innovative gel format and consumer engagement aids sales and distribution ramp up
- Hosts successful integrated marketing campaigns, extensive engagement through innovative media; special focus on e-commerce

Leader in
liquid detergents
in India

- Refreshes brand identity, reinforcing its 'specialist for woollens' proposition and a new ergonomic design
- As part of the 'Ezee Hugs' initiative this winter, our team donated clean woollens, washed with Ezee, to over 70,000 underprivileged school-going children in Delhi and the NCR

Building a future ready sales system

Building a future ready sales system

- Sharpening focus on volume growth across categories, through better go-to-market and technology utilisation
- Strengthening reach, leading to ~37% increase in the last 3 years
- Continuing improvements in urban go-to-market approach through split portfolio implementation
- Establishing a strong e-commerce presence; basis a customised product assortment for different portals
- Augmenting rural coverage quality through ~50% enhancement in direct distributor points
- Leveraging technology; over 1,100 rural sales team members utilise hand held devices for better decision-making
- Building competencies for the future, especially in data analytics, to drive sales process efficiency and leverage insights

Our sales team members use hand held devices to facilitate decision-making

**Making our supply chain
best in class**

Making our supply chain best in class

- Leveraging and rolling out best-in-class practices across international geographies to become more agile: Demand-driven Supply Chain, Theory of Constraints, Total Productive Maintenance, Lean, Six Sigma and Low Cost Automation
- Cutting-edge replenishment practices now mapped to the Advanced Planning and Optimisation module of SAP
- Ability to respond to constantly changing consumer demand patterns, leading to high fill rates; now an industry benchmark, with 95%+ customer service levels across key geographies
- Global strategic sourcing with significant benefits to the bottom-line; Godrej Green Purchase Policy rolled out to key vendors
- Project on bar coding shippers is progressing well; improves 'freshness' of products at time of sale, better logistics practices and product traceability
- Enhancing manufacturing capacity, across geographies
- Gearing up for the implementation of the Goods and Services Tax in India
- Strengthening supply chain processes in international businesses: integration into one SAP ERP, Lean and Kaizen implemented
- Driving sustainable manufacturing and supply chain practices results in significant improvements in energy and water consumption, carbon footprint, waste generation and renewable energy
- 'Internet of Things' piloted in manufacturing and logistics

Building an **agile** and **high performance culture**

Building an agile and high performance culture

Strengthening our employer brand across geographies

We take much pride in fostering an inspiring workplace with an agile and high performance culture to attract, develop and retain the best global talent. As part of the over 115-year young Godrej Group, we are fortunate to have a proud legacy built on the strong values of trust, integrity and respect for others. At the same time, our exciting and ambitious growth plans allow us to offer unparalleled career opportunities relatively early on in your career.

Core to our employer brand, is the philosophy of tough love. We expect a lot from our team members, differentiate on the basis of performance and potential through career opportunities and rewards and lay particular emphasis on developing, mentoring and training. We believe that passionate, rounded individuals with diverse interests make for better Godrejites. And we understand that our team members play multi-faceted roles. This is why we encourage them, not just to explore their whole selves, but also create an enabling space for them to do so.

Innovative approach to recruitment

Godrej LOUD (Live Out Ur Dream), our radically different approach to business school recruitment, encourages students to live out their unfulfilled personal dreams and offers sponsorship and summer internships with Godrej. This year, we extended the programme to our Indonesia business.

Strong focus on careers

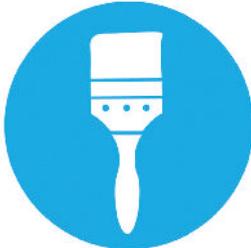

100 Leaders Programme, with individually tailored development plans, runs across geographies

Diversity

Fostering an inclusive Godrej

We take pride in being an equal opportunities employer

"We recognise merit and perseverance and encourage diversity at Godrej. We do not tolerate any form of discrimination on the basis of nationality, race, colour, religion, caste, gender identity or expression, sexual orientation, disability, age or marital status and will allow for equal opportunities for all our team members."

We understand that our team members play multiple roles and our policies like flexi time are designed to enable them to do so.

Godrej Resource Groups

Godrej Alliance for Parents

Our team members, along with their partners, share experiences on child care and work-life balance through meetings, parenting sessions and workshops

Godrej Women's Leadership Network

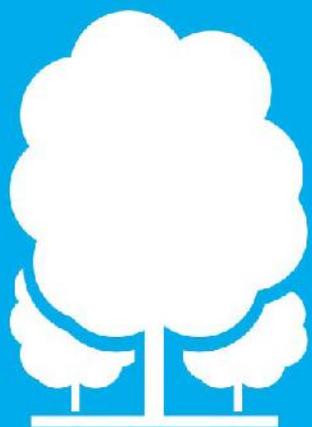

We aim to make Godrej a workplace of choice for women and offer mentoring, leadership development and regular networking opportunities through this platform

Careers 2.0

Our second careers programme provides women who have taken a career break, a chance to return to the workplace. We offer aspirational and challenging projects across sectors and functions, with added flexibility to help them balance their career and personal needs.

(Bottom) Vivek Gambhir, MD, GCPL, and Pirojsha Godrej, MD, Godrej Properties, discuss the role of men in the gender equality journey

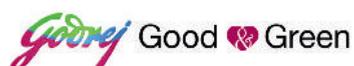

Beyond business - Good & Green

Good & Green

Building a more inclusive and greener India

As a Group, we have always actively championed social responsibility. We are now exploring ways to further this commitment through 'shared value' initiatives that create both social and business benefits.

As part of Good & Green by 2020, as a group we will aspire to:

Employability

Train 1 million youth in skills that will enhance their earning potential

As of March 31, 2016, GCPL has trained 1,36,422 youth in skills that will enhance their earning potential.

These programmes include:

- Beautician training for low income women
- Channel sales training
- Rural entrepreneurship training for women
- Sales training in general trade

Greener India

Achieve zero waste to landfill, carbon neutrality and a positive water balance, while reducing specific energy consumption and optimising the use of renewable energy

At a Group level, the progress achieved by our factories in improving environmental sustainability performance, compared to a 2011 baseline, is as follows:

Greener India Goal 2020	Achievement to date
Become carbon neutral	44% reduction in greenhouse gas emissions
Have a positive water balance	30% reduction in specific water consumption
Have zero waste to landfill	50% reduction in waste to landfill
Reduce specific energy consumption by 30%	36% reduction in specific energy consumption
Increase renewable energy sources by 30%	42% of total energy consumption from renewable resources

(Top) Godrej Saloni, our beautician training programme for low income women in India

Product Innovation

Generate a third of our portfolio revenues from 'good' and/or 'green' products

Through innovation in our product pipeline, we are developing products that are safe and environmentally sustainable.

Good knight Fast Card

About 3.3 billion people are at risk of malaria, worldwide. India alone sees 24 million cases of malaria each year, with 90 per cent of our population residing in malaria prone areas.

In rural India, in particular, penetration of household insecticides is very low because current products are either expensive or require electricity. With Good knight Fast Card, our idea was to launch a product that would break the price barrier (available at just ₹ 1 per card), work instantly and not require electricity.

We leveraged the idea of this revolutionary paper-based mosquito repellent from our Indonesia business and substantially modified the product for the Indian market.

(Below) We own and care for the largest privately managed belt of mangroves in Mumbai

(Right) On International Volunteer Day, over 1,500 Godrejites from nine countries worldwide spread the word on health, hygiene and sanitation

Other disclosures

Internal control systems and their adequacy

We have an Internal Control system to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition; and transactions are authorised, recorded and reported correctly.

Our Corporate Audit & Assurance Department, which is ISO 9001:2008 certified, issues well-documented operating procedures and authorities, with adequate built-in controls to be carried out at the beginning of any activity and during the interim of the process, to keep track of any major changes.

The internal controls are tested for effectiveness, across all our locations and functions. These are carried out through internal external audits and periodic review of the controls is undertaken by the management.

The GCPL Head Office and all major factories and offices across India follow an Information Security Management System, and are ISO/IEC 27001:2013 certified.

Risks and concerns

With a presence across three continents - Asia, Africa and Latin America - we are exposed to risks that can adversely impact our operating performance, cash flows, financial performance, management performance and overall sustainability. We have an active risk management strategy in place. Additionally, we have a Risk Committee, whose role is to identify potential risks, create mitigation strategies and monitor the occurrence of risk.

The risks that may affect us include, but are not limited to:

- Economic conditions
- Inflationary pressures and other factors affecting demand for our products
- Increasing costs of raw material, transport and storage
- Supplier and distributor relationships, and the retention of distribution channels
- Competitive market conditions and new entrants to the market
- Labour shortages and attrition of key staff
- Exchange rate fluctuation and arbitrage risk

- Integration risks for acquired companies
- Compliance and regulatory pressures including changes to tax laws
- Seasonal fluctuations
- Political risks associated with unrest and instability in countries where we have a presence or operations

Apart from domestic operations, the exercise of risk assessment is now getting extended to international geographies. The Risk Committee meets on a quarterly basis to review the status of risks, any new risks that may have emerged, as well as mitigation plans.

Opportunities and threats

We believe that there are significant medium and long-term growth prospects in India and our other emerging markets in the rest of Asia, South America and Africa. Today, emerging markets account for around 80 per cent of the world's population. They are also growing fast, with a relatively young working age population. This, combined with an emerging

middle class, ensures that a majority of the increase in global consumption in the years ahead, will come from these markets.

The fundamentals of the sector remain strong and there is still significant growth potential, given the low penetration and consumption rates for many FMCG categories.

In terms of threats, the key threats are compliance and regulatory pressures including changes to tax law, seasonal fluctuations and unrest and instability in countries where we have a presence or operation.
