

Assurance Statement

The Directors and Management
 Godrej Consumer Products Limited,
 Mumbai, India

Godrej Consumer Products Limited (hereafter 'GCPL') commissioned TUV India Private Limited (TUVI) to conduct independent external assurance of non-financial information and key performance indicators (KPI) disclosed in GCPL's Integrated Report (hereinafter 'the Report') for the period April 01, 2021 to March 31, 2022. The Report is based on the principles of IIRC Integrated Reporting (<IR>) framework and the Global Reporting Initiative (GRI) Standards. This assurance engagement was conducted in accordance with ISAE 3000 (Revised)- "Limited Level".

Management's Responsibility

GCPL developed the Report's content. GCPL management is responsible for identifying material topics and carrying out the collection, analysis, and disclosure of the information presented in the Report (web-based and print), including website maintenance and integrity, and for ensuring its quality and accuracy in accordance with the applied criteria stated in the <IR> framework and GRI standards: Core Option, such that it is free of intended or unintended material misstatements.

Since COVID-19 pandemic prevented onsite verification, remote verification (via web-based conference and telephone calls) were conducted in April and May 2022. The assurance encompassed Godrej Consumer Products Limited, Conso (Puducherry, India); overseas sites located in Argentina (Latin America) and Chile (Latin America). The assurance activities were carried out together with a desk review as per reporting boundary. Applicable boundaries for disclosures are explained in the Report.

Limitations

TUVI did not perform any assurance procedures on the prospective information, such as targets, expectations, and ambitions, disclosed in the Report. Consequently, TUVI draws no conclusion on the prospective information. During the assurance process, TUVI did not come across any limitation to the agreed scope of the assurance engagement. TUVI expressly disclaims any liability or co-responsibility for any decision a person or entity would make based on this Assurance Statement.

Our Responsibility

TUVI's responsibility in relation to this engagement was to perform agreed level of assurance and to express a conclusion based on the work performed. This engagement did not include an assessment of the adequacy or the effectiveness of GCPL's strategy, management of sustainability-related issues or the sufficiency of the Report against principles of IIRC Integrated Reporting (<IR>), GRI Standards: Core option, and ISAE 3000, other than those mentioned in the scope of the assurance. TUVI's responsibility regarding this verification is in accordance with the agreed scope of work which includes non-financial quantitative and qualitative information disclosed by GCPL. This assurance engagement assumes that the data and information provided to us by GCPL are complete and true.

Verification Methodology

During the assurance engagement, TUVI adopted a risk-based approach, focusing on verification efforts with respect to disclosures. TUVI has verified the disclosures and assessed the robustness of the underlying data management system, information flows, and controls. In doing so:

- TUVI examined and reviewed the documents, data, and other information made available by GCPL for non-financial KPI's (non-financial disclosures);
- TUVI conducted interviews with key representatives, including data owners and decision-makers from different functions of GCPL;
- TUVI performed sample-based reviews of the mechanisms for implementing the sustainability-related policies and data management (qualitative and quantitative);
- TUVI reviewed the level of adherence to principles of "The <IR> Framework", GRI standards: Core option.

Opportunities for Improvement

The following are the opportunities for improvement reported to GCPL. However, they are generally consistent with GCPL management's objectives and programs.

- GCPL has performed LCA studies. Business case can be demonstrated with the help of LCA studies. Successful business cases can be show case in the Report;
- GCPL can further develop dedicated training modules to sensitize the awareness on human rights across all its employee categories;
- GCPL may report the compliance of the 09 BRSR principles in the upcoming sustainability report;
- GCPL can declare the all the safety targets for the manufacturing facilities other than India;

Our Conclusion

In our opinion, based on the scope of this assurance engagement, the disclosures on sustainability performance reported in the Report along with the referenced information provides a fair representation of the material topics, related strategies, and meets the general content and quality requirements of the GRI Standard: Core option.

Disclosures: TUVI is of the opinion that the reported disclosures generally meet the GRI Standards reporting requirements in accordance with the "Core" option. GCPL refers to general disclosure to report contextual information about GCPL, while the 'Management Approach' is discussed to report the management approach for each material topic.

Universal Standard: GCPL followed GRI 101: Reporting Principles for defining report content and quality, GRI 102: General Disclosures were followed when reporting information about an Organization's profile, strategy, ethics and integrity, governance, stakeholder engagement practices, and reporting process. Furthermore, GRI 103 was selected for Management's Approach on reporting information about how an organization manages a material topic. TUVI is of the opinion that the reported specific disclosures for each material topic generally meet the GRI Standards reporting requirements in accordance with the "Core" option.

Topic Specific Standard: 200 series (Economic topics), 300 series (Environmental topics), and 400 series (Social topics); These Topic-specific Standards were used to report information on the organization's impacts related to environmental and social topics. *TUVI is of the opinion that the reported material topics and Topic-specific Standards that GCPL used to prepare its Report are appropriately identified and addressed.*

Limited Assurance Conclusion: Based on the procedures we have performed, nothing has come to our attention that causes us to believe that the information subject to the limited assurance engagement was not prepared in all material respects. TUVI found the sustainability information to be reliable in all material respects, with regards to the reporting criteria ("Core") of the GRI Standards.

TUVI confirms that GCPL has transparently reported major material information pertaining to all its six capitals in line with the <IR> framework, as below

Financial Capital: Net worth, capex, investment spent, the economic value generated, gross revenue, etc.

Manufactured Capital: Manufacturing facilities, number of new products launched, business verticals, new and existing plants, buildings, infrastructure, etc.

Intellectual Capital: Knowledge-based intangibles, including intellectual property, R&D activities, patents, designs registered for new product development, etc.

Human Capital: GCPL's engineers, technicians, skilling and re-skilling of employees to enhance their competencies, safety performance, capabilities, experience, motivations to innovate, etc.

Social and Relationship Capital: GCPL's relationship with stakeholders such as customers, business partners, regulators, suppliers, business partners, communities, legislators, policymakers, and benefits associated with the brand and reputation, along with GCPL's ability to share information to enhance well-being.

Natural Capital: Sourcing responsibilities for the majority of renewable and non-renewable environmental resources and processes that provide goods or services. Reporting on the circular economy, emissions, water consumption, waste disposal, etc.

This assurance statement has been prepared in accordance with the terms of our engagement. In accordance to the ISAE 3000 (revised) requirements

Independence:

TUVI follows IESBA (International Ethics Standards Board for Accountants) Code which, adopts a threats and safeguards approach to independence. It is confirmed that the Assurance Team is selected to avoid situations of self-interest, self-review, advocacy and familiarity. The Assessment Team was safeguarded from any type of intimidation.

Quality control:

The Assurance Team complies with the Code of Ethics for Professional Accountants issued by the IESBA, which includes independence and other requirements founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour. In accordance with International Standard on Quality Control, TUVI maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

In the context of Assurance, the following contemporary principles has been observed:

Evaluation of the adherence to other contemporary Principles

Inclusivity: Stakeholder identification and engagement is carried out by GCPL on a periodic basis to bring out key stakeholder concerns as material topics of significant stakeholders. In our view, the Report meets the requirements.

Materiality: The materiality assessment process has been carried out based on the requirements of the GRI Standards, considering topics that are internal and external to the GCPL range of businesses. The Report fairly brings out the aspects and topics and their respective boundaries of the diverse operations of GCPL. In our view, the Report meets the requirements.

Responsiveness: TUVI believes that the responses to the material aspects are fairly articulated in the report, i.e., disclosures on GCPL's policies and management systems, including governance. In our view, the Report meets the requirements.

Impact: GCPL communicates its sustainability performance through regular, transparent internal and external reporting throughout the year, aligned with GRI, and its policy framework encompassing the Environmental, Social, Ethical and other policies. GCPL reports on sustainability performance to the Top Management, who oversees and monitors the implementation and performance of objectives, as well as progress against goals and targets for addressing sustainability-related issues.

TUVI expressly disclaims any liability or co-responsibility for any decision a person or entity would make based on this Assurance Statement. The intended users of this assurance statement are the Management of GCPL. The Management of the GCPL is responsible for the information provided in the Report as well as the process of collecting, analyzing, and reporting the information presented in web-based and printed Reports, including website maintenance and its integrity. TUVI's responsibility regarding this verification is in accordance with the agreed scope of work which includes non-financial quantitative and qualitative information (sustainability performance) disclosed by GCPL in the Report. This assurance engagement is based on the assumption that the data and the information provided to TUVI by GCPL are complete and true.

Our Assurance Team and Independence

TUVI is an independent, neutral third-party providing sustainability services with qualified environmental and social specialists. TUVI states its independence and impartiality and confirms that there is "no conflict of interest" with regard to this assurance engagement. In the reporting year, TUVI did not work with GCPL on any engagement that could compromise the independence or impartiality of our findings, conclusions, and recommendations. TUVI was not involved in the preparation of any content or data included in the Report, with the exception of this assurance statement. TUVI maintains complete impartiality towards any individuals interviewed during the assurance engagement.
